Furthermore, over 150,000 employees are paid each month using a Cintra payroll and HR solution. “Winning the Culture for Success Award in 2010 gave everyone at Cintra a huge boost and we were all absolutely delighted. The Award was confirmation, to the employees and the clients, that Cintra is a great place to work and that we have succeeded in creating a culture which promotes success and a fantastic working environment. The achievement is also an acknowledgement that our customers are firmly at the heart of everything we do and that we have established our primary vision and mission throughout the company.

Cintra have continued, throughout the past year, to be a successful software and service provider, even in our current tough economic environment and we have also been recognised as Payroll and HR Software Provider of the Year by the IPP. The Culture for Success Award, we believe, has played a great part in our success and long may it continue!”
